INDIVIDUAL WILDLIFE REHABILITATORS SURVEY

The Queensland Wildlife Rehabilitation Council (QWRC) is attempting to determine the total volunteer hours and dollars spent on wildlife rehabilitation across Queensland. We will use this information to request government recognition and support for the very valuable work done by volunteers. We will also use the information to set up a register of persons able to assist with rescues in all areas as required

Your Group has kindly photocopied and issued this survey to all members. It would be appreciated if you or your Group could return the completed survey forms to QWRC within 60 days of receipt.

Rehabilitators Name _____

Postal Address _____

Contact Telephone number/s _____

Email address _____

Group Name _____
